Subject: 2023 Global Good Agricultural Practices (GAP) Program Criteria Requirements

Dear Mr. Sonnichsen:

The Bureau of Reclamation is providing this letter to the Columbia Basin Project (CBP) irrigation districts to furnish to the farmers for the GAP Program, *Integrated Farm Assurance All Farm Base-Crops Base-Fruit and Vegetables Control Points and Compliance Criteria*; Version 5.0, Edition 5.0-1\_ February 2016; page 47 of 143; Section CB.5.4 requirements.

The narrative that follows should substantiate the individual farmer's right to use the irrigation water for their crops that is supplied by Reclamation and the CBP Districts.

*The United States, acting through Reclamation, holds the water rights for the CBP. Landowners are authorized to apply Columbia Basin Project water pursuant to water-related contracts with Reclamation, contingent upon the filing of required Reclamation Reform Act of 1982 documentation and payment of the current years' assessment.*

If you have any questions or concerns, please contact Ms. Gina Hoff, Water Quality Specialist, at [ghoff@usbr.gov](mailto:ghoff@usbr.gov) or (509) 573-8044. If you are deaf, hard of hearing, or have a speech disability, please dial 7-1-1 to access telecommunications relay services.
